General Requirements for Exhibitors of All Animal Species

COMAR 15.11.14.04-06

Exhibitors at state, county, and district fairs, along with other livestock exhibitions, expositions, and shows are required to comply with regulatory provisions of the State of Maryland relating to animal health as noted in COMAR 15.11.14.04-06. These general requirements are summarized below.

Requirements Apply to All Livestock: Livestock is defined as those species of animals used for human food or fiber or those species of animals used for service to humans. This includes but is not limited to cattle, sheep, new world camelids (llamas, alpacas, vicunas, and guanacos), goats, bison, privately owned cervids, ruminants (cassowaries, kiwis, ostriches, and emus), swine, equine, poultry, aquaculture, and rabbits. Livestock does not include dogs and cats.

1. DOCUMENTATION: Documentation is required for entry of all livestock and poultry and is described below. Examples of forms can be obtained by visiting MDA website: http://mda.maryland.gov/animalhealth/pages/fairs-shows.aspx

2. A CERTIFICATE OF VETERINARY INSPECTION is required for most entries.
   a. MARYLAND ENTRIES: All Maryland entries must be accompanied by a Maryland Certificate of Veterinary Inspection (CVI) for show, except Poultry, Equine and Rabbits.
      • The Maryland CVI is valid for 120 days for fairs and shows, providing that the status of the herd or animal(s) does not change.
      • The Maryland CVI is a legible record, made on an official Maryland State form, issued by an accredited veterinarian, issued for animals being shown within the state and not crossing a state line, which shows that the animals listed thereon meet the health requirements of the state of Maryland.
      • The Maryland CVI must be filled out, completed and signed by a Maryland accredited veterinarian using the proper selected report on the CVI form. Each animal must be properly identified on the CVI. The veterinarian must select if this document is for interstate travel, fair and exhibition season, equine, sale or other (with explanation).
      • The veterinarian is required to send the original top (white) copy to MDA Headquarters within 7 days of completion, the middle (yellow) transport copy is to be retained by the owner of the livestock and the last (pink) copy is for the veterinarian's records.
   b. OUT-OF-STATE ENTRIES: All out-of-state entries must be accompanied by an Interstate Certificate of Veterinary Inspection, except Poultry and Rabbits, or equine originating from Delaware, New Jersey, Pennsylvania, Virginia or West Virginia (equine coming from these states must have a valid Equine Infectious Anemia test report to enter).
      • The Interstate CVI is valid for no more than 30 days from the date of inspection.
      • An Interstate CVI must be legible, made on an official form of the state of origin, issued by an accredited veterinarian, and issued for animals being imported to this state within 30 days before the entry of the animals, which shows that the animals listed thereon meet the health requirements of the state of Maryland.
   c. SELF CERTIFICATION: A completed Self Certification is required for all entries except for equine entering equine only events.
      • Self-Certification forms must be filled out within 24 hours prior to loading and presented upon request to the designated representative.
      • A Self Certification is an official Maryland document signed by the owner/caretaker/transporter stating that the animals presented for exhibition are not showing any signs of, or having recent exposure to (within 21 days) infectious or contagious diseases.
      • Self Certification forms are specie specific for livestock (ruminants, swine), equine, poultry and rabbits. These forms are available on MDA’s website: http://mda.maryland.gov/animalhealth/pages/fairs-shows.aspx
4. **TEST REPORT FORMS.** Testing is required for some species, and if so, a test report form will be required unless otherwise documented on the CVI. See Species specific Requirements for details of testing and test report requirements.

Examples of test reports are shown below:

- Avian Influenza Testing Report
- Pulmonary-Typhoid Testing Report
- Coggins Test Report (Equine Infectious Anemia)
- Tuberculosis Test Report

5. **MARYLAND POULTRY PREMISES IDENTIFICATION** – All Maryland premises with poultry are required to be registered with the Maryland Department of Agriculture. The Poultry Premise number must be noted on the Test Report or other documentation of Pulmonary Typhoid and Avian Influenza NPIP Clean or State H5/H7 Monitored status.

6. **ANIMAL REJECTION POLICY.** Animals may be rejected from an exhibition, either denied entry or removed from the exhibition, as described below:

a. **FAILURE TO PROVIDE COMPLETED DOCUMENTATION IS GROUNDS FOR REJECTION.**

b. **A SKIN LESION SUSPICIOUS OF RINGWORM TO BE CONSIDERED NO LONGER CONTAGIOUS TO OTHER ANIMALS OR PEOPLE, NEW WOOL OR HAIR MUST COMPLETELY COVER THAT LESION.**

c. Livestock with clinical signs of infectious or contagious diseases or external parasites are not permitted entry or allowed to remain at the exhibition. Clinical signs include but are not limited to: active lesions of ringworm with resulting loss of hair, sore mouth, sore nose, caseous lymphadenitis, prolapse, mange or multiple warts easily visible without close examination.

d. Suspicion of communicable disease is adequate grounds for rejection. Confirmed diagnosis is not required, since timely removal of suspicious animals is required by law to protect the remaining animals.

e. Exposed animals may be rejected: If it is believed that there is a potentially serious communicable disease present, all animals originating with the suspect animal may be rejected. Vesicular diseases are of particular concern.

f. All decisions are final.

g. All parties involved will be notified of all rejections, including exhibit sponsors and supervisors.

h. Animal rejections can be made by MDA Animal Health veterinarians or field inspectors, private veterinarians contracted by the show, Maryland Extension employees or individuals designated by the fair or show as a ‘responsible person’.

Let's do this.

Do people ever ask you why you do what you do? Farming is hard work. And there are lots of obstacles.

We get that. But we also know that you're doing what you love. And a visit to the fair reminds everyone why agriculture is so important to Wicomico County.

There's nothing we'd rather do than provide financing to the farmers in Maryland. For over 100 years, we've been helping rural America grow great things—whether it's crops, or cattle, or kids.

So, give us a call. Together, we can help you keep doing what you love.

Wicomico County 4-H Youth Development Program
For more than 100 years, 4-H has stood behind the idea that youth is the single strongest catalyst for change. What began as a way to give rural youth new agricultural skills, today has grown into a global organization that teaches leadership, life skills development, and community advocacy.

4-H is principled in positive youth development programming and helping youth step up to the challenges in a complex and changing world. 4-H is dedicated to helping cultivate the next generation of leaders and tackling the nation’s top challenges such as the shortage of skilled professionals, maintaining our global competitiveness, encouraging civic involvement, and becoming a healthier society.

The Maryland 4-H Youth Development program, through University of Maryland Extension (UME), is organized under the College of Agriculture and Natural Resources of the University of Maryland.

University of Maryland Extension programs are open to all citizens and will not discriminate against anyone because of race, age, sex, color, sexual orientation, physical or mental disability, religion, ancestry, or national origin, marital status, genetic information, or political affiliation, or gender identity and expression. If you need special assistance to participate in this program, contact Amy Rhodes, Barbara Barga or Brad Hartle at 410-749-6141.

**FFA Mission**

FFA makes a positive difference in the lives of students by developing their potential for premier leadership, personal growth, and career success through agricultural education.

**How to Join**

The FFA is an integral part of the Agricultural Education program. To join the FFA you must be enrolled in an Ag Science Education course in your local school. Contact your school’s counselor or Ag Science instructor to enroll in Ag Ed and join the FFA.

FFA is not a “club.” It is one of three integral components of an agricultural education program: classroom instruction, supervised agricultural experience and life skills. Students between the ages of 12 and 21 who are enrolled in a systematic course of instruction in agricultural education are eligible for membership. Your local school system must offer agricultural instruction and have an active FFA chapter for you to join.

If your school doesn’t have an agricultural education program, take steps to open a program in your school. In order to accomplish this task we strongly recommended that you contact your state agricultural education staff to express your interest and ask for assistance on regulations, requirements and resources for planning the new program.
Any FFA member participating is to follow rules for 4-H

4-H Rules & Regulations for the 4-H Section
If you have 4-H questions, please call 410-749-6141 and speak with Amy Rhodes (4-H Educator) or Barbara Barga (4-H Program Assistant).

Judging: Exhibitors and family members of exhibitors, are not permitted in the judging areas. Entices will be judged by the numerical system of “1st Place”, “2nd Place”, or “3rd Place”. The placing shall depend upon the merit of the entry and will be left to the sole discretion of the judges. In the event, there is but only one entry in a class, the placing shall depend upon the merit of that entry and the award made at the discretion of the judges.
Entry Pick Up: All entries must be picked up after the awards program which starts at 4:30 pm on Sunday. No exhibitor will be allowed to remove any article from the grounds until after the awards ceremony is over. Entries removed early without permission will forfeit any premium monies. These are the rules of the Wicomico County Fair.

Unclaimed Entries: Entries left after the show closes will be considered unwanted and disposed of.

Awards: Ribbons will be awarded to the 1st, 2nd and 3rd place entries in each class. Premium money award amounts will match the OPEN section awards of $6, $5, and $4. A Purple Ribbon and a $10 award will be awarded to one Champion in each Division if there are sufficient entries as determined by the Superintendent. Checks will be mailed to participants, once the fair paperwork has been tabulated.

Exhibitor Expectations: Exhibitors and entries must comply with the “General 4-H Rules & Regulations”, these “Division Rules & Regulations” and the applicable “Section Rules & Regulations”. The Maryland 4-H Youth Development Program expects all 4-H members to abide by the rules & guidelines presented in the documents “Maryland 4-H Code of Conduct” and “Maryland 4-H Disciplinary Policy And Procedures”. All documents are available from a 4-H office or the State 4-H Office. Exhibitors who do not obey rules, will be subject to appropriate disciplinary action as established in the Code of Conduct. 4-H members who are disciplined and removed from the fair forfeit all premiums.

All 4-H Fair Questions can be directed to Amy Rhodes, arhodes1@umd.edu or Barbara Barga, bbarga@umd.edu or at 410-749-6141.

4-H is an informal youth education program for boys and girls between the ages of 8 and 18 (Clovers ages 5 to 7) sponsored by the University of Maryland Extension with funding and support from the Colleges of Agriculture and Natural Resources of UMCP & UMES, County Government and USDA. There are a variety of ways for young people to engage in 4-H including community and project clubs, school enrichment, after school programs, special interest groups, independent study, summer camps and more. Community and project clubs provide the richest 4-H experience. Most clubs include about a dozen boys and girls who meet once a month with two or more carefully screened and trained teen and adult volunteers in a public place for about 90 minutes, usually on a week night. 4-H also provides a wide variety of optional activities/events.

Help Wanted! If you are a caring teen or adult who desires to make a positive difference in the life of a young person and is interested in helping form a new club, judging a contest, teaching a class, helping at camp, chaperoning an outing or assisting with a variety of other tasks, call the 4-H Office nearest you and volunteer.
